All About Us

In February 2008 we moved into our new premises.

A purpose built facility designed by us. These new premises have enabled us to go forward and compete against larger national companies.

Our main priority is to produce a Top Quality product at all times choosing only to serve the best available. Bringing you a regular delivery of quality meat to your door.

Ivan with his Family and trusted team are committed to supplying the Catering industries of North Devon with Quality and Service for a long time into the future.

**An Experienced
Butcher always answers
the phone.**

During the day we are here to discuss your order or you may leave your order overnight on the answer phone for delivery the next day

Please remember to us you are a Valued Customer not just an account number.

You will see this mark on all meat that is butchered on our premises.

The UK stamp of approval is issued by the Food Standards Agency and we are proud to hold one of only a few in Devon. The controls imposed on us by the FSA are much more stringent than the local authorities.

This in turn means that we are able to assure you, backed by documentation that all products produced at our premises have been recorded and are fully traceable.

**All Orders received on
the answer phone
overnight before 6am
are delivered the same
day.**

Ivan was born in Ilfracombe and has lived in North Devon all his life as his Parents and Grand Parents did before him.

Now Ivan along with his wife June has two of their Three Sons working in the business,

Ivan opened his first Butchers Shop on the 20th of May 1986 in Lynton, after many years of learning the trade in local establishments.
